

Choose Value.
Choose Reliability.
Choose Agilent.

The Industry's Best Instruments Are Also the Industry's Best Value

An Agilent instrument is more than just a purchase. It's an investment in your lab. By providing advantages, savings, and efficiencies that impact every lab function, Agilent instruments help you grow your business, maximize profitability, and minimize costs. You'll also be joining a community of scientists in every field who have access to transformative innovations that eliminate obstacles to productivity.

Best of all, we're offering special value pricing on the instruments you need to stay competitive. For more details, visit www.agilent.com/chem/choose-agilent-choose-instruments

What do you get when you choose Agilent?

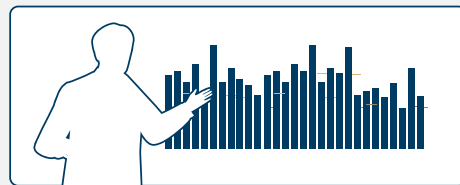

Productivity assured

Agilent instruments raise the standards for reliability. So you can spend less time reacting to instrument breakdowns and more time producing the results you need to grow your lab.

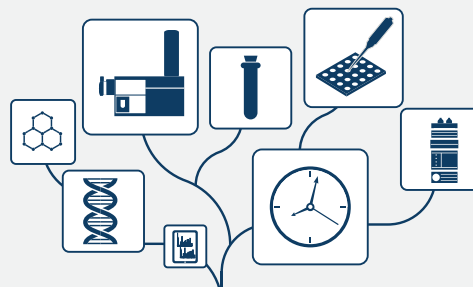

An easy switch

Get your new system up and running smoothly with dedicated training, services, and technologies.

Everything in one place

Source your entire workflow—including instruments, columns, supplies, services, and software—from Agilent.

Every step of the way, your goals become our goals—improving user experience, laboratory operation, and confidence in your data.

Maximize your investment and help your lab reach its full potential

Unrivaled technology

Agilent is the undisputed leader in gas and liquid chromatography, mass spectrometry, and countless other areas of analytical science. We use these technologies to provide application-focused instruments, software, services, and consumables for your entire workflow.

Expert advice

Every step of the way, the Agilent community of experts will help you find what you need to optimize your application and workflow.

Award-winning service

When you invest in Agilent, you can count on service and support to keep your lab running at peak performance. In fact, Agilent is the 2015 and 2016 recipient of the SelectScience® Customer Service of the Year award. The award honors lab products and manufacturers that are making a difference in the industry.

Ten years of value, guaranteed

Our Value Promise maximizes your return on investment by making sure that your purchase is safe. From the date you buy select Agilent chromatography, spectrometry, and spectroscopy instruments, we guarantee you at least 10 years of use. Otherwise, we will credit you with the residual value of the system toward an upgraded model.

A smooth transition

Agilent CrossLab migration services make it fast, easy, and cost effective to upgrade to the latest software and instruments. So your lab can benefit from productivity-boosting innovations—with minimal workflow disruption.

**Think you can't afford leading-edge technology from Agilent?
Think again.**

Acquire the critical technology you need, while keeping your budget under control with Agilent Financial Solutions.* Let us design a custom plan that conserves your cash and meets your analytical needs using flexible payment plans and bundling options. Plus, you can get started with little or no cash up front.
