

Agilent Certified Pre-Owned Instruments: No Compromises

Why take risks with third-party resellers when you can purchase directly from the experts?

Agilent Certified Pre-Owned Instruments provide you with uncompromising quality and support that you rely on, at a price you can afford.

You can expect Agilent Certified Pre-Owned instruments to **perform like new** because they do. We stand behind them just like our new instruments – the same installation, support services, and **a true 12-month manufacturer's warranty**.

These are Agilent's Guarantees when you purchase a Certified Pre-Owned Instrument:

- Refurbished at Agilent's factory
- Must pass the same final quality tests as a new Agilent instrument
- Certified to the same original specifications as the new instrument
- Undergoes a complete cleaning and decontamination as well as a cosmetic makeover
- All wearable parts replaced with new genuine CrossLab parts
- All instruments are upgraded to meet the most current performance specified by the Agilent service notes
- Upgraded to the latest compatible firmware and software
- Ships with the same start-up tools, manuals, and accessories that comes with a new system
- Comes with the same standard 1-year warranty as a new instrument
- Installation and introductory training by the Agilent trained support engineers
